

# Enfora Task Commitment, Evidence Submission & Verification Agreement

**Last Updated:** January 5, 2026

This **Task Commitment, Evidence Submission & Verification Agreement** (“Agreement”) governs your creation of tasks, submission of evidence, and participation in enforcement mechanisms on Enfora (“Enfora,” “we,” “us,” or “our”).

By clicking “**I Agree**”, creating a task, or uploading evidence on Enfora, you (“User,” “you,” or “your”) acknowledge that you have read, understood, and agree to be legally bound by this Agreement in its entirety.

If you do not agree, **do not create a task or submit evidence**.

---

## 1. Platform Description and Purpose

Enfora is a **commitment enforcement platform** designed to increase accountability by requiring users to:

- Define a task with a specific description and deadline
- Attach a predefined financial stake
- Submit qualifying evidence of task completion
- Undergo automated and, where applicable, human review of evidence
- Accept penalties if task requirements are not satisfied

Enfora does **not** guarantee productivity outcomes, success, or behavioral improvement. Enfora solely enforces the rules defined at task creation and within this Agreement.

---

## 2. Task Creation and Binding Commitment

### 2.1 Binding Nature of Tasks

When you create a task on Enfora, you acknowledge and agree that:

1. The task constitutes a **binding commitment** governed by this Agreement.
2. Tasks may not be created for actions completed prior to task creation.

## 2.2 Prohibition on Retroactive Tasks

You explicitly agree not to create tasks for activities already completed, partially completed, or staged prior to the task's creation timestamp.

Evidence indicating pre-task completion may result in immediate task failure or account enforcement action.

---

## 3. Definition of Task Completion and Task Failure

### 3.1 Successful Task Completion

A task is considered **successfully completed** only if:

- Evidence is submitted **before the deadline**, and
- The evidence is **accepted** through AI validation or human review

### 3.2 Failed Task (Explicit Definition)

A task is considered **failed** if **the deadline passes without any accepted evidence**.

This includes, but is not limited to:

- No evidence submitted before the deadline
- Evidence submitted but rejected with no successful appeal
- Invalid, insufficient, manipulated, or fraudulent evidence

Upon failure, the associated financial penalty is applied automatically, subject to Section 7 (Human Review).

---

## 4. Evidence Submission Rules

### 4.1 Permitted Evidence Types

Only the following evidence types are permitted:

- **Images**
- **Documents**

No other evidence formats are supported or accepted.

## 4.2 Accuracy and Authenticity

By uploading evidence, you affirm that:

- The evidence directly relates to the specific task
- The evidence was created **after** the task was created
- The evidence accurately reflects genuine task completion
- The evidence has not been reused, altered, staged, falsified, or manipulated

## 4.3 Metadata and Integrity Analysis

You acknowledge that Enfora may analyze:

- File metadata (including creation and modification timestamps)
- Structural, visual, and textual indicators
- Consistency with the task description and timeline

Evidence indicating prior creation, reuse, or manipulation may be rejected.

---

# 5. Automated AI Evidence Validation

## 5.1 AI Provider Disclosure

Automated evidence validation on Enfora is performed using **OpenAI models**.

By uploading evidence, you explicitly consent to:

- Your evidence being processed by OpenAI systems
- Compliance with OpenAI's applicable usage terms and policies

Relevant OpenAI policies include, but are not limited to:

<https://openai.com/policies/usage-policies>

## 5.2 Nature of AI Decisions

You acknowledge that:

- AI validation is probabilistic and non-deterministic
- AI systems evaluate evidence using confidence thresholds, not certainty
- AI decisions may be incorrect

## 5.3 AI Validation Outcomes

AI validation may result in:

- **Accepted** - Task marked completed
- **Rejected** - Evidence deemed insufficient or invalid

Rejected evidence may be escalated under Section 7.

---

## 6. User Right to Human Review

### 6.1 Right to Request Review

If AI validation rejects your evidence, you have the **explicit right** to request human review.

### 6.2 Effect on Deadlines and Charges

Once a task enters **human review status**:

- The task deadline is **temporarily suspended**
- No penalty or charge will be applied while review is pending
- The task outcome will be determined **solely by human reviewers**

### 6.3 Finality of Human Review

Human reviewer decisions are **final, binding, and non-appealable**, except where required by applicable law.

---

## 7. Human Review Consent and Disclosure

By creating tasks or uploading evidence on Enfora, you explicitly consent to:

- Human reviewers viewing all task details
- Human reviewers accessing uploaded evidence
- Human reviewers evaluating behavioral patterns to detect fraud, abuse, or manipulation

This access is strictly for enforcement, validation, and fraud prevention purposes.

---

## 8. Financial Stakes, Penalties, and Chargebacks

## 8.1 Authorization to Charge

By attaching a financial stake to a task, you authorize Enfora to:

- Charge or allocate funds automatically upon task failure
- Process penalties without further approval

## 8.2 Non-Refundable Nature

Penalties resulting from failed tasks are **final and non-refundable**, except where prohibited by law.

## 8.3 Chargebacks and Payment Disputes

You agree that:

- Initiating a chargeback or payment dispute related to Enfora penalties constitutes a material breach of this Agreement
  - Any chargeback will result in **immediate and permanent account suspension**
  - Permanently suspended accounts forfeit all platform access and privileges
- 

## 9. Prohibited Conduct

You explicitly agree not to:

- Submit pre-created or reused evidence
- Stage or falsify task completion
- Attempt to deceive AI or human reviewers
- Create tasks intended solely to manipulate metrics or scores
- Exploit loopholes or weaknesses in validation systems

Violations may result in task failure, forfeiture of funds, suspension, or permanent account termination.

---

## 10. Metrics, Scores, and Leaderboards

All metrics, scores, streaks, and rankings:

- Are informational only
- May change due to recalibration or system updates

- Have no monetary value
- Are not guaranteed to be accurate or permanent

Metrics may not be disputed.

---

## 11. No Warranty

Enfora is provided “**AS IS**” and “**AS AVAILABLE.**”

We make no warranties regarding:

- Evidence acceptance
- AI or human review accuracy
- Task outcomes
- Financial results

Use of Enfora is entirely at your own risk.

---

## 12. Limitation of Liability

To the maximum extent permitted by law:

- Enfora shall not be liable for indirect or consequential damages
  - Total liability shall not exceed fees paid in the prior 30 days
- 

## 13. Indemnification

You agree to indemnify and hold harmless Enfora from claims arising from:

- Your tasks
  - Your evidence
  - Your violations of this Agreement
- 

## 14. Governing Law

This Agreement shall be governed by the laws of the applicable jurisdiction in which Enfora operates, without regard to conflict of law principles.

---

## 15. Acceptance

By clicking “**I Agree**”, you confirm that you:

- Understand Enfora’s enforcement mechanics
- Accept the risk of penalties
- Consent to AI and human review
- Are acting in good faith

This action constitutes a **legally binding agreement**.
